Route	Resi- dent	State	L.L. Bean Comment	Bus Service Comment
1	NO	ME	Onboard messages are good, but perhaps a little crowded.	One passenger asked for Village Green to be better indicated on maps, including Chamber map.
1	NO	TN	It's great! It shows they care about the environment.	1. Run down Schooner Head Road. 2. Add a route that does a loop of the whole island.
1	NO	NY	It should inspire other corporate programs.	Everything seems good. This enables us to leave the truck at the campground. It probably gets as bad mileage as the bus. This is great for congestion and the environment and us!
1	NO	FL		Since traffic is so congested during this time of year, I found the bus as excellent way to see the area. Keep up the good work.
1	NO	CT	Thank you. This is much appreciated.	More bike holding capacity.
1	NO	CT	Good for L.L. Bean. Thanks!	More bike holders for more bikes.
1	NO	ME	I'm glad to see a corporate sponsor take such a substantial interest in our National Parks and natural resources to help preserve them.	Superior service. Thank you!
1	YES	ME	Thanks a lot!!!!!	Use speakers.
1	YES	ME		Fix speakers.
1	YES	ME	If it allows these buses to continue to operate, then it's A-okay with me.	locals and tourists. Having tourists rely on these buses is a Godsend to MDI. Their willingness to ride seems to hinge on the service being free. I noticed there's no schedules at the Visitors Center and I've seen some confused tourists. Have you ever considered putting a "suggested donation" sign - \$1 or \$2? I think people might be more apt to contribute.
1	YES	ME	L.L. Bean show they care about the Park.	I think the bus should be year round. I think you should charge in the winter but not the summer.
1	NO	NY	Positive PR. work for Bean and their name does not disturb me being printed on the bus.	Nice job with voice activation sound system when coming into some locations. I hope to hear more info on other buses. Great use of electronic bus signs at stops.
1	NO	ME		It's great!
1	NO	CA		I think these buses give you a break from driving when you have been driving all day. I think you guys are doing a great job. Please keep it up. Thanks for the ride.
1	NO	ME		Making the donation box more visible will increase donations.
1	NO	ОН	My next order will be increased because of their support of the Park bus.	
1	NO	NY	Awesome	
1	NO	ME	You guys rock!	More buses!!! More bike racks.
1	YES	ME		Express runs for workers would be nice (inbound and outbound)

1	NO	NY	There should be more companies that should contribute.	Show on outside of bus which direction it is going to or from Campgrounds.
1	NO	QUEBEC		It is very pleasant to have a service like this. Very appreciated.
1	NO	ME		The biggest suggestion is more buses! Especially from parking to Village Green. This would make it more convenient. I would not even mind a fee (perhaps a weekly use fee like the Park pass. It wouldn't need to be much. What a great idea these buses are!
1	NO	MA	Nice to see some corporate leadership and altruism during this time of corporate greed! THANKS!	Go electric or hybrid!
1	NO	PA	It is nice to see Maine businesses caring about bringing tourism into the area.	The frequency of buses needs improvement. One bus every hour is not convenient at Spruce Valley. If you miss one bus your schedule for the day is thrown off. Also, it is hard to plan return trips. If a bus driver does not do something correctly, it should not be discussed on the 2-way radio. I heard this several times. No one wants to hear this.
1	NO	ОН	Great idea! Very appreciative!	Nice that dogs and bikes are allowed! This service is AWESOME and I will definitely tell others about it!
1	NO	RI	More businesses should contribute - without tourism there'd be no jobs and money.	I used it 18 times in a week. I made lots of trips. People should shut windows when air is on. Businesses should advertise. Bar Harbor Times should contribute. This is my first time on a bus with people standing and overcrowded. This standing is dangerous. I find I want to jump off - I'm claustrophobic.
1	NO	NY		Announce all stops before arrival at a stop. More frequent service.
1	NO	MA	Good job. Go after REI and EMS.	Charge a small fee. Enhance the service during peak hours with more buses.
1	NO	ME	Thank you very much!!	Mabry adding a few more buses that go straight to the place you want to get to.
1	NO	MA		The service is excellent.
1	NO	ME		More bike racks.
1	NO	NH	Would be nice if other corporations would be this community minded - like Dexter shoes.	Just keep up the good work.
1	NO	SO.AFRICA		Less stops, mid-trip movies.
1	NO	NJ		More bus space.
1	NO	MA	I support donations that keep the buses free.	Keep it free.
1	NO	MA	-	More seats.
1	NO	NJ	More corporations should do the same. Very environmentally conscious!	Run more routes from campgrounds to village.

1	YES	ME	It was a great thing.	Keep up the good work. Start the service earlier in the year even if its only a few buses less frequently.
1	NO	WI	Great work!!	
1	NO	PA		As boat people with no car, bus service is great!
1	NO	RUS.	It's a nice contribution.	Good service.
1	NO	JAP.	Thank you!	
1	NO	AZ	Smart business tactic, free advertising. Helps support convenience for potential customers.	More buses is always good.
1	NO	NY	In an era of extraordinary corporate greed, L.L. Bean is a model of corporate generosity.	So far, so good.
1	NO	NH	Nice shirts.	
1	NO	ME	It seems to commercialize Park.	Drivers should slow down a bit and go easier on brakes.
1	YES	0	The contribution is very nice.	Keep them running.
1	NO	MT	Good. It increased my interest in their store.	Have the right hand pole extend as long as the left.
1	NO	MD	I shop L.L. Bean frequently.	Keep up the good work!
2	NO	ОН		Bus shuttles are great to use, especially when it's very difficult to find parking in Bar Harbor. We were very satisfied with this service.
2	NO	PA	The bus transportation cuts down on auto traffic. The contribution is a positive one.	
2	NO	NJ	Great idea and commitment to the local tourist destination! Should try to have the various hotels/restaurants/shops contribute as well!	Possible additional service to Eden Street hotels between 9-11 p.m. each night.
2	NO	CT	Thanks.	
2	NO	NY	Very commendable.	
2	NO	AZ	Highly commendable!	
2	NO	ME	Generous of them to have environment concerns.	
2	NO	ME	Hope L.L. Bean continues to help.	Make routes for buses only through town.
2	NO	OK		It is great that we can flag you down when we want to ride and that we don't have to find an actual stop.
2	NO	OK	It continues to exemplify a quality organization. Thank you, L.L. Bean.	Prohibit cars, add more buses.
2	YES	ME		Great convenience that the buses are equipped for transporting bikes! Would be an excellent idea to extend the service till mid September.
2	NO	VA		Great service.
2	NO	IL		Please continue this service so that tourists do not have to increase the traffic. It also allows older children to come to town on their own.
2	NO	IL	Can the buses drive there? Why isn't there an L.L. Bean store here?	If they can drive us to L.L. Bean tell us by having signs. The buses were a little loud and squeaky, get some oil! (brake pads) And a bumpy ride, but if you fix that it will be excellent.

2	NO	MN		1. Charge more for entry into Park. 2. Charge for parking in town by private cars.
2	NO	MI	I think more corporations should help sponsor things like this.	
2	NO	ОН	Great.	Smaller sized bus schedule. More accessibility to airport.
2	NO	NY	Great cause. Thanks to L.L. Bean.	Some of the roads are rough with a lot of dips. This is hard on the buses and passengers also. Keep up the good work, drivers.
2	NO	NJ	Greatly appreciated.	Make Firefly Lane one way.
2	YES	ME	I feel that L.L. Bean in effect has "purchased" advertising. The L.L. Bean logo and placards and drivers' shirts' logo is very distasteful. They could have donated the money without requiring their name to be splashed all over the schedules, buses, etc. The PUBLIC sector should be kept separate from the private, profit-driven sector.	the bus service clearly in the public, not-for- profit realm. Perhaps more frequent service to SW Harbor, and extend bus service beyond Quietside Campground.
2	NO	CT	The state of Maine is lucky to have them. They are a great retailer.	You are doing fine.
2	NO	NJ	Extremely important and commendable	
2	NO	MA		This is ideal since parking seems to be a real problem. This is much easier. I wish I had tried it earlier.
2	NO	WV	Good cause!	For all drivers, including substitutes, to know the trailheads so Mama doesn't get dropped off in the middle of nowhere!
2	NO	MD		Bus service is excellent, enjoyed using it!
2	YES	ME		Go to Ellsworth.
2	NO	FL		Get this started in other places!
2	NO	NC	Very generous.	Everything is great! Keep up the good work!
2	NO	PA		Buses crowded on evening trips back from Bar Harbor.
2	NO	MD	They make good backpacks.	Bus to the top of Cadillac.
2	NO	NJ		Increase frequency of buses in the Park to make it easier to make short hops.
2	NO	NJ	Love the idea of corporate sponsorship.	Good service. Need more than every 30 minutes if possible.
2	NO	NY		Do what you're doing.
2	NO	MD	Thanks so much. Has added to the positive quality of area and visit.	Eden Street every 15 minutes all day. Reduce squeaky brakes!
2	NO	FL	Great to give BACK!	Keep it going.
2	NO	FL	This service is a wonderful contribution to this area! Thanks, L.L. Bean!	
2	NO	IA		Keep it up.
2	NO	MI	I'm sure glad they did.	When we recruit friends to come here we always mention your FREE bus service.
2	NO	MI	I'll buy more of their stuff.	

2	YES	ME		Bus should move people into Park and reduce parking. Seeing rows and rows of cars isn't attractive.
2	NO	ОН	I support L.L. Bean.	
2	NO	NY	It is an excellent way to contribute back to this community.	
2	YES	ME	Thanks.	Add a new route to Long Pond. Train more drivers so at least Campgrounds and Eden Street go year round.
2	NO	WI	Good work!	I appreciate that every stop is announced.
2	NO	USVI	Seems fine.	More frequent service to SW Harbor. This service is great - should do away with cars altogether!
2	NO	MA	I think they are very kind. Good idea.	Keep up the great service.
2	NO	AK		More service to backside of MDI. Commuter buses from outlying residential areas. Fix brakes!
2	NO	MD		If possible, more frequent all day - every 15 minutes.
2	NO	VA	Keep up the great work!	Super!
2	NO	NJ	Great idea - especially for families.	
2	NO	NY		Service is very good. Drivers are very friendly.
3	NO	NJ	Through their contribution L.L. Bean has shown their dedication to America's National Parks.	Bus drivers should be allowed to take tips because of their excellent driving skills and knowledge of the roads of Mt. Desert Island.
3	NO	NJ	Keep up the contributions. I always shop L.L. Bean and encourage others to do the same.	
3	NO	NY		I do want to point out that our driver yesterday avoided a major accident (based on the negligence of a passenger vehicle).
3	NO	MA	Very noble.	Mount beach chairs outside bus.
3	NO	VT	First positive thing about corporations heard in months. Keep it up L.L. Bean!	Serve drinks - only kidding. Great way to ease congestion and a wonderful way to get around.
3	NO	VA	We shopped there. They should continue to support this.	Routes were crowded. Free service keeps cars off roads, especially with vacationing families. Might make sense to charge for local residents who use for regular transport.
3	NO	IL		More bike racks if possible. Many bike riders were by-passed yesterday because there was no room for their bikes on the bus. Otherwise, the bus service is excellent.
3	NO	MA	Keep it up! Thank you!!!	
3	NO	DC	This is a clear sign of L.L. Bean's moral dedication to community service. Given all of the traffic on the island, it is also great for reducing pollution.	
3	NO	PA	Nice to have corporate support of positive effect in days of so much negative publicity. Makes us choose L.L. Bean over its competitors!	
3	YES	ME	I wish the buses still had the park tips they had on the inside rather than all L.L. Bean posters.	I love the Island Explorer and hope people will appreciate and use it for years to come!

3	NO	MA	They are very considerate.	When people take the dinner cruise in Northeast Harbor they have no way of getting home because it doesn't end till 8:30 p.m. and that's what time the last bus for that place ends!!
3	NO	ONT.	We are from Canada, but making a point to stop at Freeport enroute home to see./shop at L.L. Bean - largely due to this!	Earlier morning service would be nice, so hikers and bikers can get an early start. Sometimes very crowded - yesterday we had to bypass three consecutive shuttles to town from campground as they were all packed - long wait to get on one. Should be checking park passes! Would happily pay a reasonable fee for this service.
3	NO	DC	I do not like corporate sponsorship. I'd be willing to pay.	
3	NO	PA		This is an excellent service that must continue. It provides an easily accessible and convenient way to get around the park.
3	NO	CO		Bigger windows. Windows on top of bus.
3	NO	NY	Nice to know they are environmentally friendly and supportive of their home state.	This is a great service!
3	NO	MA		Continue to have easy to get on bus steps for senior citizens. My elderly mother has arthritis of the hips and cannot climb stairs. She needs a lift. Too bad she did not come with me.
3	NO	CA		Bikes bog down certain routes.
3	NO	TN		The bus service is great! We hope in the future, cars will be prohibited and tourists will use the bus service.
3	NO	ME	It's wonderful! We shop L.L. Bean!	Rack to accommodate baby strollers.
3	NO	PA	Noble. Preservation is important.	
3	NO	PA	Just that it is great that someone other than the government contributes. Every time the government gets involved it fails.	Just hope it continues and whatever improvement they come up with may it be the best for all concerned. Especially for the drivers who have to deal with people of all kinds and traffic.
3	NO	PA	Good PR.	Driver could talk tour guiding chatter as we drive along - local facts.
3	NO	NJ	Thanks.	
3	NO	ОН		More buses at peak hours. More/larger bike racks.
3	NO	NH	It adds to our already "positive" feeling about L.L. Bean.	More buses in the morning.
3	NO	MA	L.L. Bean's contribution stands as a dividend to its customers who use Park facilities.	Having a smaller bus schedule that can fit in your pocket would be more handy than the newsprint size paper.
3	NO	NY	This service enabled us to come to Acadia without a car - therefore it was a more environmentally friendly vacation (and more affordable).	
3	NO	ENG.	Had to ask who they were as we don't know them in the United Kingdom.	They do this in the Lake District in the UK to protect the environment and its working!
3	NO	NY	Keep it up!	More buses. Have RV parking area with bus service and ban RV's from Park.

3	NO	PA	In today's world of corporate greed and misdoing, it's great to see a company doing a good deed.	
3	NO	CT	Very appreciative.	
3	NO	NH	Thanks for the support.	
3	NO	NY	I think it is a good affiliation and a good example of corporate responsibility.	More frequently to Campgrounds. The 6:30 bus is always overflowing. More bike racks. We LOVE this bus service. Very helpful. Is service to Ellsworth being considered?
3	NO	MA	We love L.L. Bean!	
3	NO	PEI	Very good idea to give service back to community.	This is the first bus where we've had seat belts.
3	NO	CT		Over the years there seems to be an over population of tourists which the buses contribute to. Is this a good thing?
3	NO	ME		Get rid of that thing that tells you where you are approaching. Or turn it down. A lot of people agree.
3	NO	OH		Great service, I have seen a lot of the island!
3	NO	ME	Great idea in community support. Great idea for environment.	
3	NO	MN	Wonderful contribution.	Convenient. Well used but not overcrowded. It took me several days to realize this is a free service.
3	NO	RI	It gives me faith in America's corporate image! I will feel differently about its mail order catalogue shopping and will increase my yearly purchasing with the hopes that this service will continue. This model needs to be promoted across the USA! Thank you!	
3	NO	CA		A bus that will go to the top of Cadillac Mountain, a bus that will do the whole loop. Get an electric bus. Sue is very nice!
3	NO	PA	Good service to community.	
3	NO	NJ	It shows L.L. Bean's commitment to the Park in that they are providing fuel efficient low emission buses rather than each person driving their car.	It has been so pleasurable. It was a very long ride up here and we were happy to park our car and take the bus to our destinations.
3	NO	NY	Why must this forum emphasize L.L. Bean? Maimonides says the best charity is anonymous.	
3	NO	NJ		It's very good as is.
3	NO	PA	Probably increases L.L. Bean purchases.	
3	NO	QUE.	I don't know what that is.	
3	NO	MI		
3	NO	MA	L.L. Bean is fabulous but not as fabulous as Fabulus Fabulus.	
3	NO	WA		Very convenient and good service. Thanks!
3	NO	MN	Great way to increase awareness of product as well as good will toward company. Should open store in downtown area.	It's excellent overall - great job.

3	NO	ME		It's good.
3	NO	ME	Good corporate sponsorship.	
3	NO	MA	Great cooperation between business and government.	
3	NO	DE	Will be more apt to shop with them.	Keep doing the great job.
3	NO	MA	I think more businesses like L.L. Bean should be contributing to National Parks for environmental reasons and such.	Last year we missed the last bus and had to walk from Thunder hole. They should have a loud speaker to announce the last pickup so all can hear and not miss it.
3	NO	WI	I would worry that one may eventually become synonymous with the other - too much advertising on buses for L.L. Bean.	As an overview: this bus is wonderful and my summer would be awfully boring without it. Keep up the good work. I couldn't do anything without it! Add more buses - running more frequently, especially on long routes like Southwest Harbor. This will decrease congestion (more seating) and be more convenient for riders. One and a half hours is a long time to wait for the next bus!
3	NO	CA		Sue is great!
3	NO	NY	Very good idea.	
3	NO	PA		This is a great service to the tourists. It certainly made our getting around much easier and more enjoyable.
3	NO	NH	Extremely good idea. We buy there consistently. Thanks so much.	A little narrative would be helpful. Much more environmentally sound.
3	NO	MA	Very smart!	Excellent! More bike room from Jordan Pond.
3	NO	MA	Great stuff.	This will catch on for boat trips from residences on Frenchman's Bay. Will need to think about dock space and possibly add a bus stop a the dock when boat/bus travel catches on.
3	NO	ME	business stewardship of our natural resources all over the world.	I love having this available. Would like to have more remote parking options. I'm not comfortable adding to the car congestion in downtown Bar Harbor. Maybe there are places that I haven't figured out yet. I would have parked in Somesville but had just missed the bus there and couldn't wait an hour. I'm going to take a schedule for the Deer Isle chamber of commerce building. I would have checked it before I came over. I probably could have called or checked the Internet but I didn't.
4	NO	СТ	Best way ever to contribute!	If the service were expanded even at a cost, it would ge a good idea to have parking areas outside of town to limit the number of cars. Maybe those who want to bring vehicles into town should be charged to offset the cost of buses.
4	NO	NJ	Thanks L.L. Bean.	Some sort of overhead luggage rack for back packs or souvenirs.
4	NO	MD		More bike carriers.
4	NO	MI		Late afternoon could use another bus to Jordan Pond. Very crowded returning yesterday at that time.

4	NO	NJ	Corporate sponsorship is a fact of life in America today. There are worse ways they could spend money.	I think you've got it just right!!
4	NO	NC	Thanks!	Direct line from Campground to Sand Beach.
4	NO	PA	Wonderful idea! Already a customer - now inclined to continue my patronage of L.L. Bean.	More frequent service to Seawall (?)
4	NO	CA	Very generous, very needed. Preservation of nature is needed - cars should not be on the island.	It should continue until Columbus Day.
4	NO	NH	They are making a positive contribution that is positively affecting our environment.	As first year users, we love it, and we will continue to take the bus. Maybe at start and end points, a map could be displayed of a bus's particular route! Thanks for a great service!
4	NO	MA	It's wonderful.	
4	NO	MD		More frequent buses to Sand Beach during peak hours and to campgrounds in the late afternoon.
4	NO	PA	Very generous to a good cause.	
4	NO	DE	It was nice of them.	
4	YES	ME		These buses are great. I don't have my license so this is my primary source of transportation. Plus it reduces traffic in town. They are an awesome addition to Bar Harbor and the Park. Thanks.
4	NO	RI	Nice way to get publicity. A lot of foresight (promoting conservation, etc.)	
4	NO	RI	Yes!!! I think this is a wonderful thing. I will continue to shop at L.L. Bean.	It is fantastic!!!!
4	NO	PA	I think it's great!	Doing pretty good.
4	NO	DE	It's about time outdoor companies help the land they sell products for.	More outdoor company contributions.
4	NO	DE	Thank you L.L. Bean. Your interest in the environment is appreciated and will be remembered while shopping your catalogue.	
4	NO	DE	I think it is great that it's free!	Thank you!
4	NO	DE	Very good, it is nice to see a large corporation doing something for the environment.	It is great! Perhaps if there were one that left Bar Harbor after 9:20 p.m. It is hard to cram sightseeing and dining in until 9:20. The restaurants are very crowded.
4	NO	NH	Thank you. We will continue to use your stores.	I think you have it under control. Keep on doing a good job.
4	NO	MA		Add more buses to overcrowded routes.
4	NO	MN	It's great!	Love the bus service. It made our vacation much simpler.
4	NO	NY	A very generous contribution with hopefully another next year.	It's just great for all smart enough to use the convenience and ability to see the sights.
4	NO	DE	It was nice.	
4	NO	NY	Wonderful.	As a group of 19 people, it has been wonderful. Even if it were my immediate 5 we would still use the system. No fighting for parking. Goes right where we want. Couldn't ask for an easier system. Thanks.

4	NO	PA	It's great to see corporate responsibility towards the environment.	Keep up the good work - thanks!
4	YES	SRI LANKA	This is great.	If you can keep one bus year round that will be great.
4	NO	DC	Comfort condition and warm service	Some routes might need more bus service.
4	YES	ME		I love it. I wish it lasted longer! Even if it couldn't be as frequent or with as many buses.
4	YES	ME	They're getting incredible exposure and PR.	Year round please!
5	NO	MA	It is nice to see corporations supporting the environment and the National Park system.	
5	NO	ME	Their advertising opportunity seems like a fare exchange. It appears that Acadia is endorsing L.L. Bean - pretty good for a recreational supply store! Also, does the publicity Acadia National Park gets thru L.L. Bean (which is better known) contribute to putting more pressure on the Park thru more visitors? Also, could ANP (or L.L. Bean) support more dock space in Bar Harbor? It's becoming saturated.	
5	NO	NY	Very good.	
5	NO	ОН		More bike racks. Speakers were hard to hear - fuzzy.
5	NO	NY	We are L.L. Bean customers and admire their generosity to the Bar Harbor experience.	Stay the way you are! (But check on the sound systems.)
5	NO	ISRAEL	Great - we're going shopping there.	We believe this is a great service for many reasons, including convenience, environmental concerns, and others! Thanks!
5	NO	NY	Great!	
5	NO	IL		Separate the bike hauling from the regular buses. Great service!
5	NO	LA	Good community service. Good advertisement opportunity for L.L. Bean.	Very efficient operation!!
5	NO	MA	This forms a great partnership.	More parking needed for a centralized all route terminal.
5	NO	ENG.		More buses at peak times.
5	NO	VA	Hooray. Great community support to help reduce traffic and to protect environment. Great use of corporate \$.	Fabulous service.
5	NO	ME	I think it's great.	Keep up the good work.
5	NO	PA	Thank you.	Put more schedules around outside.
5	NO	IRE.	Very good for the environment.	Keep up the good work.
5	NO	GA	Have always like L.L. Bean. This makes me very glad I have been a long term customer.	Would love better service schedule to airport.
5	NO	GA	Great. Will shop at L.L. Bean.	Stop at Thuya Gardens.
5	NO	NH		Run a later bus to Northeast Harbor. You're doing a great service!
5	NO	ME		Longer seasonal schedule.

5	NO	VA	Progressive example of corporate/governmental cooperation.	Well done. We thoroughly enjoyed using the shuttles - and appreciate their availability.
5	NO	NC	It seems like a good deal for L.L. Bean. Good advertising that creates a good image for the company. It doesn't seem like a donation, more like an advertising campaign.	It would be nice if they started earlier in the season.
5	NO	ME	It's a Main company that employs Maine people. So is the bus service. They can give their money to who they want.	It could have reclining little couches, music and a wet bar. But other than that it's cool.
5	NO	MA	Great!	
5	NO	WA		Excellent. Phase in a charge or ban cars in the Park.
5	NO	CT	Very good. Thank you.	Get more seats and fix the breaks.
5	NO	NJ	Great!!	Please put a bike rack in or around the Village Green.
5	YES	ME	It is going to a good cause.	
5	NO	МО	Great contribution! I will buy more of their products!	Add buses to accommodate crowds. 2. Run Sand Beach earlier & later. 3. More frequent early AM pick-ups from campgrounds.
5	NO	NY		Great service! Drivers are very helpful and hospitable.
5	NO	DE	I think that is very nice that they donated money and help the buses.	I think you should get more seats and bike racks for the passengers.
5	NO	DE	Makes me want to shop there more often.	
5	YES	ME		1. Extend the season by hiring more drivers who are not school bus drivers. 2. Install the permanent schedules on the metal posts at more locations - Northeast Harbor Marina, etc.
5	NO	NJ	More companies should participate or mandate to help all National Parks.	
5	YES	ME	Thank you!	Earlier service if you want to encourage commuters from the island.
5	NO	VT	Very timely. Great public relations. Should encourage other corporate sponsors.	
5	NO	MD	It'd be nice if they would give more buses.	Would appreciate a route that goes across the Crooked Road. Acquire a bus that can go to the top of Cadillac (some of our party disagree).
5	NO	PA	Great store - good service.	
5	NO	NC	Great contribution - consider restricting cars in Park to handicapped only and expanding bus service.	
5	NO	MA	Very proud of them. It certainly is representative of the L.L. Bean reputation and service.	
5	YES	ME	Very good. Thanks!	Get more seats. Fix the breaks.
5	NO	MA	Very generous.	More buses. More seats.
5	NO	MA	I think it is important that corporate sponsors like Bean's are doing a nice service with the Park Service.	

5	NO	GARDNER	Are they contributing to more people destroying the landscape by shipping them in large groups?	Less touring, more service.
5	NO	TAIWAN		Can it provide another bus line to Ellsworth?
5	NO	PA	Great company. Thanks to them.	
5	NO	PA	Other state/municipal/federal support should also be acknowledged visually.	1. Re-record Mt. Desert Narrows stop recording! (It says "dessert"!) 2. Signs on front to indicate destination of #1. 3. More often would be even better. 4. Thanks to L.L. Bean. 5. Two previous trips before Island Explorer - Big difference!
5	NO	TX	Great to see a concerned company. This helps the Park and visitors greatly.	
6	NO	NY	Keep up the great work.	More room for bikes. More just for carriage roads or trailheads. Really great service. Excellent idea.
6	NO	CA	Keep it up!	I would be willing to pay \$10 per person for a 2-day pass if guaranteed a seat. I'm a senior citizen of modest means but have a bad knee.
6	NO	RI	I like it when corporate America helps their local community!	
6	NO	CA	Keep doing it!	
6	NO	PA	I think it is very good, considering how much negative press big corporations have received lately.	
6	NO	NJ	Thanks! You're the best.	It is very helpful.
6	NO	NY	As long as the company doesn't counter what they are doing as far as nature preservation. I.e. if they knock down trees to make a certain L.L. Bean product, they have to replant (for lack of a better word) or plant trees to make sure we still have them standing for the future generation. Thank you for all you do. You have a great place here!!!	
6	YES	ME		Santo should give cookies to adults as well as children.
6	NO	ME	Keep it coming.	The idea to expand into fall is great.
6	NO	СО	It is good to see a corporation doing something good - giving back, but it doesn't make me want to buy any L.L. Bean.	More frequent Campground trips in late evening; shelter at Village Green.
6	NO	ОН		Great service - takes the stress out of parking in Bar Harbor.
6	NO	NH	Good job! Incorporate more local businesses into the contribution.	Buses for later times of day. Bus routes are on the lengthy side.
6	NO	FL	Glad to see L.L. Bean has refrained from making their support more commercial - a danger of corporate support.	Ban cars from the park! Make user fees mandatory and have frequent shuttles like in Denali. National Parks should be primarily a responsibility and service of the government (the public), not private corporations, and not left to voluntary contributions.

6	NO	FL	Great job.	To stay running a little later on routes from
	NO	TL	Great Job.	Northeast Harbor to Bar Harbor - maybe until 11:00 p.m. Good job.
6	NO	МО		We love the bus service! It is the best way to see the sights and get around!
6	NO	WA	Good corporate use of funds - better than the crooks at Enron and WorldCom and Adelphia!	It's great!
6	NO	FL	Hope it continues and that other companies follow their example.	Better publicity on the bus service outside of Bar Harbor, Maine. If we knew it was as extensive and efficient, we would not have towed a car behind our motor home.
7	YES	ME		Better coincidence between line 1 (most crowded) and all other lines.
7	YES	ME	As long as I can have a ride.	More frequent bus runs. Thanks.
7	NO	ENG.		All seats were taken and 16 people were standing. Is this safe?
7	NO	NY	Excellent idea.	
7	NO	ME	It shows how great the company is for this state. I will shop at their locations more frequently.	Thank you for providing this service.
7	YES	ME	Good for them, glad for their support. Too bad we have to fund public transportation by private corporations.	1. More buses to Southwest Harbor. 2. Buses to Southwest Harbor after July 4th fireworks. 3. Is an early Southwest Harbor - Northeast Harbor route possible? 4. Year round service, please. Thanks for the bus!
7	NO	ME	Super civic donation.	
7	YES	ME	Thoughtful.	
7	NO	MN	Appropriate sponsor due to their interest in the outdoors (I.e. McDonald's would not be appropriate.)	
7	NO	NY	Keep it coming - the Park serves L.L. Bean and L.L. Bean should serve the Park.	Excellent!
7	YES	ME	Yes, continue to support initiatives like the Island Explorer.	
7	NO	VT	Good for everyone - including L.L. Bean!	
7	NO	NY	Whatever helps the Park is great.	More time boards. One more added route doing the entire area maybe 2 times a day would be awesome and helpful.
7	YES	ME		I LOVE the 7:55 a.m. bus from Tremont. Thanks!
7	NO	WI	Thank you. It saved me some money and it will allow me to visit a beautiful National Park.	
7	YES	ME	I think more local businesses should donate to the Park.	Need more buses on the Southwest Harbor route.
7	NO	RI	An excellent application of philanthropy for an outdoors outfitter.	Larger buses might be the best way. More seats needed. Frequency of service is pretty good, but connections on intersecting routes aren't always convenient.
7	NO	MA	Very smart and generous.	Keep up the great service.
7	NO	ME	Very generous. Will shop and catalogue shop more because of this.	Only more buses or bigger buses.

7	YES	ME	The ads annoy me.	Send tourists home. Bus from Northeast Harbor to Southwest Harbor would be nice.
7	YES	ME		Have more buses for more seats. A bus that goes from Northeast Harbor to Southwest Harbor so I don't have to take two.
7	NO	MI	It was an admirable thing to do - since the riders do not have to pay for the bus, someone else has to. In other words, it has to be paid for somehow.	I enjoy using the service and I'm happy that it's here. It has allowed me to see more of the island and do more on the island than I would have without it.
7	NO	СТ	Nice thing to do - good PR for them too.	Some places have long waits. Would love to have a way to minimize cars and vehicles on Acadia - environmentally necessary. Would be willing to pay (\$5.00 per family per day).
7	NO	CA	Nice to see a company giving contributions back to society.	
7	NO	CA	Excellent idea to help ecological balance and congestion.	More room for bicycles.
7	YES	FL	Generous.	
7	NO	CT	Endow the service. Your customers would be capable of understanding the statement - "Endowed by L.L. Bean."	1. Acquire off-island parking lot adjacent to L.L. Bean store in Ellsworth. 2. Provide Bean shuttle service from there to Bar Harbor hub. This would do MORE for National Park traffic issues.
7	NO	MD	Ummm.	Bus #7 is INCREDIBLY overcrowded, entirely full and some people not allowed on.
7	NO	CA	Very generous and service oriented company.	It's great!
7	NO	DE	Awesome.	
7	NO	IL	Much appreciated by an L.L. Bean customer.	
7	YES	ME		The Southwest Harbor run needs more buses to that there are more than one every 1.5-2 hours.
7	YES	ME	Thank you, L.L. Bean.	The Southwest Harbor bus should be more frequent and possibly an express route from Tremont to Bar Harbor! You take 1 hour 15 minutes, and a car takes half that. You'd get more (local) passengers that way.
7	NO	NY	It's great!!!	Service should cater more to locals than it does now. Service should end later in the evening on more routes than it does no so that people who want to drink a bit in Bar Harbor can get home safely by not having to drive. Locals and summer residents are JUST as important as daily or weekly tourists. Frequency to Somesville is very poor.
7	NO	CT	Thanks!	
7	NO	MD	Great idea. Ads were clear but unobtrusive.	Need more carrying capacity! I miss the drivers' commentary, answering questions and making suggestions on places to go. It was very unique and special last year.
7	NO	NY	As long as the donations don't impact policy and as long as they improve service I say go for it.	Earlier service to Seawall and Southwest Harbor.

7	NO	NY		Make sure everyone knows where buses are going on the 4th of July. I was told a bus would go to my campground. I was told a bus would go to my campground. Found out a bus wasn't going there and had to pay \$12 for a taxi ride.
7	NO	OH		Need more bike racks.
7	NO	NH	Sweet.	More seats!!
7	YES	ME	It is just a cheap advertising scam.	Try to speed up service by skipping empty bus stops that none of the people on the bus want to reach. Add better breaks.
7	NO	NH		More seats makes it less stressful.
7	NO	FRANCE	Sorry, we are English. Who is L.L. Bean?	Seems pretty good.
7	YES	ME	Quick and easy, expensive and cheesy.	Try the hydrogen fuel cell because it is environmentally safe. Add better head rests, expand routes and serve complimentary bags of peanuts. More bike racks. Bigger buses.
7	YES	ME	What's the L.L. stand for?	Make bigger with more room for bikes! Very important. Need bigger bus with more seats and beds and add a bathroom (if possible).
